COVID-19 Impact Survey

[**TAKE THE SURVEY**](#)

Small Businesses and non-profit organizations are the mainstay of our vibrant and unique region. We have great appreciation for these organizations, owners, operators and those that support them. We know that you all face the daily challenges of running your organizations during “normal” times, and can only imagine the challenges, frustrations and concerns you are experiencing during the current COVID-19 health crisis.

We are here to support the region in recovery from this unprecedeted disruption, but first, we must understand your current and anticipated challenges. We have developed a survey to help guide our decision-making and advocacy efforts in support of regional organizations.

Please complete this brief survey at your earliest convenience. We will share the results with you. Feel free to share the survey with your network. The more feedback we receive, the better prepared we are to help!

This survey was developed by the Littleton Area Chamber of Commerce and North Country Council Regional Planning Commission and Economic Development District and distributed in partnership with the New Hampshire Association of Chamber of Commerce Executives (NHACCE).

If you have questions, feel free to contact us.
