

The Library of Teachings® presentation by Shabd Simran Kaur and Nirvair Singh during the Summer Solstice Trainer Forum focused on guiding the trainers to explore the tools available to bring this platform into our daily life.

- With daily featured Lectures, Quote, Kriya, Web Tip and Topic, you can easily access the teachings available.
- The BROWSE drop down menu has tutorial videos for “[How to Use the Site](#)”, “Search tips”, explaining how to search for [Lectures](#), [Kriyas](#) and even searching by Date by using the icon on the searching box

- A new feature presented was the Historical Notes, which shows original notes taken by students that learned directly from Yogi Bhajan in the early years.

This valuable resource is currently offered free of charge to all users and it is important to keep it free for future generations to come who want to benefit from the teachings of Yogi Bhajan. For this reason, we have opened the Yogi Bhajan Library of Teachings Endowment Fund.
