

Arkansas River Basin Water Forum 2018 *Scholarship* Application Form

In June 2018, the Arkansas River Basin Water Forum (ARBWF) will award one \$1,000 scholarship to undergraduate (Juniors or Seniors) or graduate level students at Colorado schools whose work the ARBWF Board of Directors expects will provide a benefit to water in Colorado's Arkansas River Basin, either directly or indirectly. In an effort to provide a benefit to a family with ties to the Arkansas River Basin, the top candidate who attended at least two years of high school in the Arkansas River Basin and who achieves a minimum score established by the scholarship committee will be awarded the scholarship. Applicants without family ties to the basin are encouraged to apply and previous scholarships have gone to local and non-local residents. Additional information about the ARBWF is available at www.ARBWF.org.

The application deadline is May 1st, 2018. Submittals should be emailed or mailed to:
Blake.Osborn@colostate.edu

Blake Osborn
830 N. Main St. Suite 200
Pueblo, CO 81003

You will receive a phone call or email acknowledging receipt of the application.

All blanks must be completed for award eligibility. Additional sheets may be attached and/or you may type responses to items A through D on separate sheets.

PLEASE INCLUDE: (1) a copy of your resume with cumulative GPA, and (2) two letters of recommendation from professional or academic contacts.

The scholarship recipient will be notified by mail or email. The scholarship recipient will be given the opportunity to attend the 2019 Arkansas River Basin Water Forum free of charge.

Name of applicant_____

Address_____

City_____State_____Zip_____

Phone (Day)_____(Evening)_____

Date

C) How will your work/study benefit the Arkansas River Basin? Your work/study does not need to be physically located within the basin if it is related to an issue that is important in the Arkansas River Basin. For example, you may be investigating any one of the following: selenium toxicity to fish, alternative water transfer methods to reduce the buying and drying of agriculture, recreation and land use planning related to water, or irrigation efficiency. Include an example of a current or future water issue in the Arkansas River Basin and how your work applies to it.

D) Please explain your reasons why you believe that you should be considered as a recipient of the scholarship.
