WHAT IS THE REALTORS® POLITICAL ACTION COMMITTEE (RPAC)?

A Political Action Committee (PAC) run by REALTORS®, for REALTORS®

Bipartisan, supporting Democrats and Republicans

RPAC dollars given to candidates based on history of voting to support real estate issues

RPAC **advocates on a local, state, and national level** for candidates and legislation that support issues important to the real estate industry and our communities, including affordable housing, homeownership, property rights, taxes, and infrastructure.

INVESTMENTS IN RPAC HELPED ACHIEVE THE FOLLOWING IN 2022:

MADISON ZONING ORDINANCE CHANGED TO INCREASE MULTI-FAMILY HOUSING DEVELOPMENT

Like many cities around the country, Madison is facing a significant affordable housing shortage. With the support of RPAC, along with an Issues Mobilization campaign and consumer Call for Action, a local zoning ordinance was changed to increase 'allowable densities' as a matter of right in certain zoning districts that previously required a more difficult approval process.

WISCONSIN HOUSING REHABILITATION PROGRAM PASSES AND ENDORSED POLITICAL CANDIDATES ELECTED

With the support of RPAC, the Wisconsin Housing Rehabilitation Loan Program was given final approval by Governor Evers, authorizing the Wisconsin Housing and Economic Development Authority to issue low- or no-interest housing rehabilitation loans, thereby helping address the statewide housing shortage.

WRA's Endorsed Candidates:
100% of Congressional Candidates Won
100% of State Senate Candidates Won
98% of State Assembly Won

The **FY 2022 Omnibus bill** was passed by Congress, providing $398 million for affordable housing, $30 billion in loan authority for Single-Family Housing Guaranteed Loans, and $85 million for fair housing activities.

A 2018 Wisconsin Supreme Court decision put thousands of waterfront property owners at risk of losing their piers. RPAC advocacy helped pass **a bill that allowed these owners to keep and place piers**, which was signed into law in 2022.

Funding from the American Rescue Plan Act was dispersed to states to expand access to broadband in underserved areas, which will ultimately provide $10 billion to support high-quality broadband infrastructure.
