

Mill Falls Green Thumb Club

Looking for artists who love to create works of art using plants, flowers, leaves, sticks, rocks, seashells, and anything else we find along the way. Students will be able to observe and smell fresh herbs and flowers from Ms. Melissa's garden as part of a plant study using pencil and watercolor. They will talk about coniferous, deciduous and

semi-evergreen trees as they construct and craft projects using various leaves. Students will work with a range of art mediums to capture the colors, textures and elements from nature. An outdoor exhibit of our artists' creations with plants and objects from nature will be on display at our school's entry.

The **Green Thumb Club** will be outside (weather permitting) at our school playground/entry area. It may be cool outside by the afternoon as the sun is setting lower each day, so don't forget a sweatshirt or jacket. Bring a water bottle and quick snack. Also, feel free to bring in any small items, from nature, to share in our projects.

Who: K-3rd Year Students Tuesdays 3:00 – 4:15pm
4th-6th Year Students Thursdays 3:00 – 4:15pm
