

Utilizing a component of our **STREAMline for Success**© system, our team has taken a methodical approach to vetting the following candidates. Once we kick off a formal partnership with your organization, we'll continue to improve this system by spending time to learn your business, your culture and the type of talent you look for. This customized screening & selection process ensures that we are sourcing the best-fit candidates available.

LOGISTICS PLANNER (6052DP)

- Candidate 6052DP is a strong communicator and exhibits a lot of energy.
- She has a military background as a linguist in the Marines where she says she gained a lot of experience in training and managing.
- Out of the Marines, she got a job working for a logistics firm where she managed inbound/outbound freight and import/export transactions – anything short of custom brokerage, and project management.
- She completed her business degree in Dec 2018.
- She's looking for a company she can learn and grow within.

SUPPLY PLANNER (1571DP)

- Candidate 1571DP has her BS in Industrial Engineering Technology and 10 years experience in inventory management in retail.
- At a large global retailer, she was responsible for one million dollars of inventory with 10k+ skus.
- When she began as the Inventory Manager, her department had \$157k worth of shrinkage. Using methods she learned in school, she was able to better track inventory and decreased shrinkage by \$100k.
- She describes herself as advanced in Excel and uses it daily.
- She has customer service skills and believes that no matter what the customer is always right.
- She is looking for an opportunity to use her degree more an would like to get into a supply chain role within manufacturing and production.
- She resides in Georgia.

LOGISTICS PLANNER (4045DP)

- Candidate 4045DP will graduate in December with his Bachelor's in Marketing. He is excited to enter the workforce and find a job where he can grow, work hard and contribute to the success of the organization.
- He has 5 years experience as a Logistics Planner in the Airforce Reserve.
- In his role as a Logistics Planner, he uses Excel to manipulate data points for commanders to track units, equipment and inbound and outbound team members.
- He manages inbound and outbound schedules of both equipment and team members. He coordinates with warehouses in getting equipment from Point A to Point B.
- He did an internship with Enterprise Truck Rental where he learned how to work effectively in a fast-paced environment and the importance of staying organized and focused on the end goal.
- He has enjoyed his role in Logistics with the Air Force and is looking for an opportunity to start his career in Supply Chain.
- He feels very competent in his Excel skills and recently earned a certificate for Excel through a course in college.

LOGISTICS PLANNER (5225DP)

- Candidate 5225DP has a degree in Sports Management but has spent the last 1-1/2 years at a 3PL. He got started as an account manager where he managed a large number of customers to optimize and broker their distribution requirements.
- He was promoted at the end of May into an Operations Manager role. He reports to the SVP of Sales where he provides quotes brokers loads over to carriers every day.
- He provides monthly reports to the SVP including bar graphs and pie charts to help forecast months ahead. He works with him on customer reviews to determine service levels and volume.
- He has strong Excel skills.
- They track costs on a weekly basis. He is very up to date with market trends and the cost of carriers.
