

## CERAH SPEAKER SERIES

# When addiction changes the way we see pain: Challenging stigma in pain & symptom management

November 17, 2026 | 12 - 1:30 p.m. ET

**Dr. Amy Montour**

*BScN, MSc, MD, CCFP*

**Rachel Montour**

*Harm Reduction Outreach Worker,  
Six Nations Mental Health & Addictions  
Services*

Join us to learn how to use a Two-Eyed Seeing approach to understand and describe how biases, stereotypes, and discrimination can create barriers to pain control for people living with addiction, and identify and analyze opportunities to provide compassionate symptom management for people living with addiction who also require palliative care.
