A PALLIATIVE APPROACH TO PAIN MANAGEMENT

Sherri Henderson, RN CHPCN(c)
Palliative Care Telemedicine Consultant,
North West Regional Palliative Care Program

LEARNING OBJECTIVES

- ✓ Apply appropriate assessment tools and evidence-based treatment strategies to evaluate and manage different types of pain effectively.
- ✓ Demonstrate proficiency in performing medication conversions and applying safe dosing protocols in clinical practice.
- ✓ Case Discussion: Review the rationale, risks, and benefits of methadone use in palliative care.
