FAST TRACK PROGRAM

ENCOURAGING AND SUPPORTING ECONOMIC DEVELOPMENT

The Collier County Fast Track Program is an expedited review program to encourage and support economic development by streamlining the development process, providing process certainty, reducing approval times, and providing a central point of contact. Approved fast track projects receive priority review.

Eligible Fast Track projects are those that create new or expand primary employer businesses. Primary employers are businesses that create a product or service that is principally sold outside of a region to generate new money and profits in the region.

THE K9 KITCHEN, LLC

Immokalee Culinary Accelerator member, The K9 Kitchen LLC was interviewed by ABC 7 News. After 20 years in the healthcare industry and traveling to many states in the US, Kendra and Cerene made the decision to return to their roots in Florida and bring their dream of cooking and preparing homemade food for dogs a reality.

Over the years and through their healthcare connections, they learned about processed foods and the impact these foods can have on the human body. As their knowledge and interest grew, they questioned and re-evaluated the impact of processed dog food on dogs. They then quickly determined they needed to find the best natural dog food available that could come fresh from the refrigerator.

After succeeding in this mission, they shared their homemade food with other dog lovers and received exceptional feedback. From there, The K9 Kitchen started producing handmade food in a commercial kitchen. It is fast becoming a popular food choice for dog lovers to keep their loyal friends living their best life. Made for the love of dogs and confirmed by a veterinarian nutritionist, The K9 Kitchen offers 100% balanced nutritional meals.
