

# RBHS 2017-18 Student Parking Application

## Bring photocopy of license and proof of insurance

Last Name of Driver \_\_\_\_\_ First \_\_\_\_\_ Middle \_\_\_\_\_ Student Number \_\_\_\_\_

Phone numbers: \_\_\_\_\_

Parent/Guardian(s) Name(s) \_\_\_\_\_ Vehicle Make/Model \_\_\_\_\_

Vehicle Year \_\_\_\_\_ Vehicle Color \_\_\_\_\_ License Tag Number \_\_\_\_\_

Insurance Company \_\_\_\_\_ Policy Number \_\_\_\_\_

Driver's License or Student Permit Number \_\_\_\_\_

Parking Fee \$50.00 in August and reduced \$5 per month after August. Please make checks to CPS.

Any vehicle a student parks at RBHS / CACC must be registered. Please notify the parking attendant with vehicle changes.

Students of any grade may submit an application for parking. The application must be returned with vehicle description, license tag number, insurance policy information and student's driver's license/permit number. A parent signature is required for registration.

A properly completed application allows students to purchase a parking hang tag. The tag must be properly displayed, hanging from rear view mirror with the individual tag number visible any time the vehicle is on school property. The tag is registered to one person and cannot be given to another student. The hang tag must not be altered in any way or it will become void and must be replaced at cost to student.

Student parking is not allowed in faculty or visitor parking. Parking is not allowed in fire lanes, against red curbs, in driving lanes, on grassed areas or other non-parking spaces or ADA accessible parking spaces without the proper state permit.

Failure to register and/or properly display a valid parking hang tag may result in a RBHS warning sticker applied to vehicle, a Columbia Municipal ticket, towing of vehicle or additional disciplinary consequences.

Student parking is first come – first served basis. There are approximately 200 student spots in the South lot, 200 in the lot directly North of the building and 350 spots East and North of the baseball field.

Parking is a privilege that may be revoked or suspended without refund. Excessive tardiness, absences or disciplinary referrals may be grounds for revocation of parking. Students are not allowed to loiter in the parking lots and should exit and lock their vehicle upon arrival at school. Operating a vehicle in a reckless manner will result in revocation or suspension of parking privilege. 10 mph should be considered the safe maximum speed in the parking lots.

Vehicle accidents and other parking lot safety concerns are to be reported to the main office and the school resource officer. RBHS is not responsible for vehicle damage that may occur in the parking lot but students are responsible for damages they cause.

Vehicles parked on school district property are subject to search by school officials who are justified by reasonable suspicion.

**My student and I have read and discussed the information on this form. We realize that it is a privilege to park on the Rock Bridge High School student parking lot.**
