SALT SHAKERS

Fall 2022

GETTING TO KNOW ONE ANOTHER

Salt Shakers

At St. John's we have few occasions to get together informally and meet new members or get better acquainted with people we pass in the hall or see in the Sanctuary.

Salt Shakers is a church-wide effort to provide a setting for this fellowship.

Sponsored by the Ministry Panel, Salt Shakers is designed to provide four special evenings of dinner and conversation for all adults who wish to participate. Each dinner will be hosted in a different home and attended by a different group of seven or eight people.

Want to learn more?

Here's how it works:

Four couples or single adults will be grouped together to compose each Salt Shaker group. These groups will be made up of people of different age groups, different Sunday School classes, different interests in the church, etc. You get the picture ~ you may or may not know your dinner partners well before your night out. But hopefully by evening's end, you will have made some new friends at St. John's!

In each grouping, one couple/single will be the host and provide the main dish and beverage;
the second couple/singles will provide the vegetables;
the third, salad and bread;
and the fourth, the dessert.

Each host will set the time, decide the menu and dinner format and contact each participant. If guests find that they cannot attend, they should contact the host early. The host may then invite someone else from the church family to complete the group. A list of those interested in participating on a fill-in-basis will be kept by the church for your consultation.

Want to participate?

Here's how:

- Pick a date or dates you would like to participate. (If you want to be part of more than one weekend, you will be put into different groups, so you can meet more people!)
- Complete and return the form on the back of this page to the one of the drop box outside the church office, in the main entrance foyer, or at the Broach Hall entrance. You may also return this form in the offering plate in Sunday worship.
