

Let's Talk Network...

Prominence Reach in Southern Nevada

Prominence[®]
Health Plan

The cornerstone of our Prominence network solution is largely made possible by our parent company, UHS, and our unified platform with its system of medical facilities.

Our networked hospitals through Valley Health System and other regional facilities, supplemented with strategic partnerships, offer members a breadth of quality, convenient provider access.

The contracted network reach extends across the Vegas Valley and beyond, ensuring ample member coverage.
