**Nevada Builders Alliance, its members and industry partners understand the skills, discipline and work ethic that military service members bring to a business, and is proud to support Army PaYS and assist in providing soldiers with career opportunities in Nevada's construction industry.**

## Army Commitment

The Army established the PaYS program as a means to share qualified individuals with employers. The Army carefully screens, selects, trains and provides hands-on experience to individuals in many different skills.

## Benefits to Employers

Partners gain employees who have developed professional work habits and have been held to the highest standards. These future employees are professionally trained and experienced. Employers save precious training and human resource recruitment dollars by participating in the Army PaYS program.
