SUPPORT GROUP

FOR COMPASSIONATE FTD* CARE PARTNERS OF NEBRASKA AND THE MIDWEST

We know how isolated caregivers of loved ones with FTD can feel, and how helpful it can be to talk to others experiencing similar situations. Connecting with others who understand FTD can be a lifeline for emotional support, practical problem-solving, and finding resources. We hope you join Rev. Bob Kem to take part in this life giving source of support for one another.

ABOUT REV. KEM

Rev. Bob Kem is presently retired as an Episcopal priest in Nebraska with 43 years of pastoral care experience serving as a pastor of churches and three years in Hospice Chaplaincy. He served in the Episcopal Diocese of Iowa before moving to Nebraska. His wife Debbie was diagnosed with bvFTD in November 2021. His passion is to provide compassionate care including physical, emotional, and spiritual support to all families seeking to build a team of support as the primary care partner for their loved one diagnosed with FTD.

*FTD = Frontotemporal Dementia
