

General Overview

In 2026, we will host over 65 churches, ministry groups and Christian organizations within our 10-month retreat season (August 15th – June 15th). We also have the privilege in June of hosting Sports and Music Camp (SPAM Camp) for the past 50+ years where over 100 students from all over the globe converge onto our grounds to worship our Lord and Savior through physical activities and song. Lastly, we have 140 cottage owners, 36 RV Park members and 300 overall members that call this place home, especially throughout the summer months. We are blessed by our community of believers all in awe of God's created beauty up on Lake Winnepesaukee.

Summer Programs

Our Summer season is 10-weeks annually. The program consists of 10 Sunday Tabernacle services which draw 300-500 worshippers from all over God's Creation. Traditional hymns, special music and guest preachers fill our mornings followed by a community brunch. It's a special family gathering for children up through great-grandparents worshipping together.

One of our highlights in July is having Dr. Gary Chapman sharing a seminar on the 5 Love Languages and the 5 Apology Languages. He will also preach on Sunday about the Love Languages of God. Of course, we will also be celebrating the 250th Anniversary of our great country with July 4th activities and a special Patriotic Night of Worship later in July.

New Areas of Emphasis

God has blessed us mightily over the past 163 years. As we look at the next decades ahead we are seeking God's Hand in leading us forward into meeting society's greatest needs. Building up our youth population, making stronger connections for families to spend time together, developing more couples' retreats to build stronger relationships and providing wholesome area gatherings for better connectedness with our Alton Bay community are all a must. We are also seeking opportunities with homeschool groups and community organizations to partner with us to share our facilities when they are available to expand our reach to others.

We believe however, that one of our greatest new opportunities are to use these grounds for special care, and training opportunities, for pastors, missionaries and Christian leaders.

How exactly that will develop is in the planning stages, but providing a place for respite, reflection and restoration for our leaders is critical and how we help to raise up our next generation of leaders is a worthy cause. We would love your help with gathering these ideas on how best to support the work of our churches in this effort. What are the growing needs of these leaders in planning space away from their offices or just a quiet room by the lake to read and rest? Our biggest hope for our visitors that God blesses those that are on our grounds.

Deuteronomy 28:6 – You will be blessed when you come in and blessed when you go out.
