

Beebe AC Camp Report 2026

In the summer of 2025, Beebe AC Camp celebrated 150 years of camp ministry, and we had almost one hundred people visiting for that event. This last summer was slightly homier. In 2026, family camp took place in the week of July 5-12.

Ministry leaders from previous summers returned to challenge and encourage us. Pastors Dave Ross (Hickory, NC) and Chris Barton (Newport Center, VT) opened God's word (from Daniel and Hebrews 11) to us in the evenings throughout the week. In the mornings, Pastor David Davis (Eliot, ME) led us in a Bible study on the essence of Christian love from 1 John. Leading us in music, Sharon and Bruce Marshall (Dayton, ME) elevated our worship, and kept our services on track with grace and skill.

On Wednesday, Bryce Whiting (Dowling Park, FL) delivered a report on missionary activity in Tanzania serving the Hadzabe and Datooga peoples, illustrating the way in which the gospel transcends cultural and tribal boundaries.

A work team consisting of two (capable and energetic) brothers from Edmonton, AB, came early to help John and Bev Kilby (Newport, VT) with maintenance. By the end of the week, they had succeeded in constructing a new garage (to replace one that needed to be demolished in 2024) and installed two trailer hookups

This year, we had an influx of children from Montreal visit us on the weekend. We are blessed to be able to share our campground with families who want their children to draw nearer to God. Please pray with us that we will be able to expand this ministry.
