

## **Inclement Weather Notifications**

It's that time of year when inclement weather could cause a school closing, delay, or early dismissal. In the event this happens, the Chambersburg Area School District's Communications Department has several ways to ensure that you are notified.

Our School Messenger system will deliver a message to parents or guardians by way of an automated telephone message. However, this system will only work effectively if the contact information on file for your family is accurate. To verify your contact information, please call your child's school. To change the contact information, you must visit the school office and request a student information update form.

In addition to the School Messenger System, parents, students, staff and community members can access our district web page at [www.casdonline.org](http://www.casdonline.org). The website will provide current information on school closings, delays, or early dismissals, and you also can follow us on FaceBook and Twitter @CASDNews.

Important information pertaining to the district is available 24 hours a day through our Information Hotline. For English, dial (717) 261-5680; Para Espanol, llame (717)261-5684.

Local and regional radio and television stations also will be notified in the event of a school closing, delay, or early dismissal.
