Activity Overview

Battle of the Books (BoB) is largely an independent activity with a team component. Participants will read books individually and then compete as a team on book trivia at a "Battle." BoB a fun way to expand participants' reading horizons and to give readers a good challenge! This year's participants also get a **t-shirt** to wear on battle days and spirit wear days! This year we are keeping the program completely in house, so there are just 2 battles.

How does it work?

Participants in **grades 3-5** will be placed on teams of 5 or fewer and will receive a list of 12 books to read from a variety of genres. Each team will coordinate who reads what books on the list. (Each member must commit to **read a minimum 5 books** off the list of 12.) Individuals who want to increase their team's chance of winning will read more books. The five top teams of Battle Round 1 will go on to Round 2, the final round. The top team of this round will be named the overall winner. Books may be checked out from Ms. Preisler in Room 126. Please also feel free to check out the books from your local library!

Who: Winning teams from Battle Round 1 compete on the 2nd set of 12 books. Participants can wear BoB shirt w/uniform bottoms today.

Please talk with your child about this activity before signing them up. It is a big commitment and it's important that they agree to do what's required. Everyone on a team matters, and it is important that everyone does their part. If you and your child feel that this is a good choice, please sign up on **SchoolPay by September 30th**. (If your child is in 4th grade, all BoB books count for the 40 Book Challenge regardless of genre.) Please email Ms. Preisler with any questions.
