

Westfield Bank is teaming up with MassHousing to keep home ownership in reach for all.

Buying a home can be challenging—especially if it’s your first time. That’s why Westfield Bank is proud to be a partner of MassHousing, the independent agency that is a leading provider of affordable mortgage financing for first-time homebuyers across Massachusetts, including the Pioneer Valley. Together, we help people find a better way to finance a home of their own, with down payment assistance up to \$30,000 when purchasing a home in MA, mortgage insurance with MI Plus to help pay the mortgage if there’s an interruption in income, and a \$2,500 credit toward closing costs for members of the National Guard or Reserves, Active-duty military, veterans or Gold Star families. Our Mortgage Loan Officers, Kristin Gravanis, Kenneth Askins, Jeannie Boudreau, and Michele Welch at Westfield Bank are here to help people through the process. Contact them at www.westfieldbank.com/personal/mortgages to learn more and get started. It’s part of what better banking’s all about.
