

# Dedicated sports health care to keep your team healthy and in the game.

## Your Game Plan Should Include:

Concussion management • Exercise science and education  
Injury prevention, assessment and diagnosis • Orthopedic care and treatment  
Rehabilitation and safety • Free injury evaluation • Athletic trainers and therapists

### Individual athlete • Team player Weekend warrior • Adventure enthusiast

We help people of any fitness level, and all athletic backgrounds stay safe and compete at the top of their ability.

**Aurora Health Care's orthopedic and sports health** program is your resource for services from injury prevention, education and evaluation, to surgery and other treatments – and a safe return to play.
