Stepping On - Falls Prevention Workshop - Racine County Residents

Seven-session workshop:

Tuesdays, June 21 - August 2, 2022 | 1:00 - 3:00 p.m.

\$10

Aurora Wellness Center 300 McCanna Pkwy, Burlington, WI

Stepping On can help you avoid a dangerous and costly fall so you can keep doing the things you love to do. You'll learn how to build and maintain the physical strength and balance you need to walk confidently. From footwear to prescriptions, you'll learn what increases your risk of fall, how to avoid it, and make an individualized action plan to stay on your feet and living life the way you want.

To register:

Call 800-499-5736

Sponsored by: Aurora Health Care, Walworth County Aging & Disability Resource Center, & Wisconsin Institute for Healthy Aging

Registration is required for all events unless noted

Diabetes Self-Management Class

Four-session workshop:

Tuesdays, May 10 - May 31, 2022 | 9:00 - 11:00 am

Free

Aurora Health Center East Troy 2483 Corporate Circle, East Troy, WI

Taught by a Certified Diabetes Care and Education Specialist, this 4-week series will cover the seven self-care behaviors to manage your diabetes and help you stay healthy: healthy eating, being active, monitoring, taking medication, problem solving, healthy coping, and reducing risks.

To register:

Call Brenda at 262-642-6818 or AHC-East Troy at 262-642-2000.

Healthy Living with Diabetes

<u>Six-session workshop</u> – 2 different series to choose from:

Wednesdays June 15 - July 20 | 1:00 - 3:00 p.m.

\$10

Walworth County Health and Human Services Building 1910 County Rd NN, Elkhorn, WI

Or

Thursdays July 7 – August 11 | 1:30 – 4:00 p.m. Starin Park Community Building 504 W. Starin Rd., Whitewater, WI

Healthy Living with Diabetes is an evidence-based program for adults of all ages who have type 2 diabetes, pre-diabetes, or live with someone who does. In just 6 weeks, you learn to take charge of your health and get back to doing the things that matter to you. You'll get information & advice for: healthy eating and nutrition, relaxation techniques, partnering with your health care provider, exercise, stress and depression management, problem-solving, short-term goal setting, communicating effectively with friends, family, and your medical team.

To register:

Call 262-741-3309

Sponsored by: Aurora Health Care, Walworth County Aging & Disability Resource Center, and Wisconsin Institute for Healthy Aging

Registration is required for all events unless noted

Powerful Tools for Caregivers

Six-session workshop:

Mondays May 16 - June 27, 2022 | 1:00 - 2:30 p.m.

Suggested donation of \$10 for textbook

Yorkville United Methodist Church 17645 Old Yorkville Rd. Union Grove, WI

Caregiving can be rewarding, but it can be challenging too. Caring for someone with an injury or illness – such as dementia, cancer, heart disease, Parkinson's disease, stroke, or others – can be physically, emotionally, and financially demanding. Taking care of yourself is important. Powerful Tools for Caregivers can show you the way! The class focuses on your well-being and has been studied and shown to help family caregivers: reduce stress, guilt, anger, and depression and improve emotional well-being, manage time, set goals, and solve problems, master caregiving transitions and be part of decision-making, communicate effectively with the person needing care, family members, doctors, and other helpers, and find and use community resources.

To register:

Call 262-833-8764 or email ruth.stauersbol@racinecounty.com

Provided by: Racine County Aging & Disability Resource Center and Wisconsin Institute for Healthy Aging

Healthy Living with Chronic Pain

Six-session workshop:

Tuesdays, June 16 - July 21, 2022 | 11:00 - 11:45 a.m.

\$10

Convenient, contact-free format via phone conference!

If living with Chronic Pain is keeping you from doing the things you want to do, Healthy Living with Chronic Pain can help by giving you the tools and strategies to manage your pain. This *evidence-based* class meets for 45 minutes once a week for six weeks. Designed for adults dealing with on-going (chronic) pain; teaches skills to effectively manage pain; improves quality of life; better ability to understand pain, gain confidence, and use coping skills.
