Lake Lawn Resort Launches 76' Tour Boat for Public Delavan Lake Tours and Private Charters

Delavan, WI – September 18, 2019. – Officials at Lake Lawn Resort announced the new operation of the Lake Lawn Queen, a 76-foot two-level tour boat on Delavan Lake. As the lake's premier tour boat, the Lake Lawn Queen will conduct a variety of Delavan Lake Tours on weekends for the public and host private charters for groups, corporate functions, weddings, receptions, rehearsal dinners and more. Lake Lawn Resort is a full-service destination just minutes from Lake Geneva, Wisconsin. The Lake Lawn Queen is exclusively owned and operated by Lake Lawn Resort.

Featuring two levels for guest entertainment and seating, the Lake Lawn Queen will host parties of up to 78 guests. The beautiful open-air top deck compliments the enclosed main level, providing amazing lake vistas from virtually every angle. For guests who prefer more private and enclosed settings, the climate controlled main level provides various seating options with window-laden walls, delivering panoramic views.

"The addition of the Lake Lawn Queen demonstrates Lake Lawn Resort's ongoing commitment to providing unique and high-quality experiences that guests and clients desire," stated Dave Sekeres, General Manager of Lake Lawn Resort. "This new asset will complement our current offerings at the resort and bring a new dimension to help guests and our community celebrate and enjoy beautiful Delavan Lake."

Earlier this year, the boat was purchased from a previous owner/operator near Rhinelander, Wisconsin and transported to the Delavan Lake area where it was completely renovated with new interior and exterior elements, including full bar, galley, lounge seating, flooring, climate control units, video screens and multi-channel sound system, among others.
