

Happy Thanksgiving Everyone!!! Hope everyone will be able to spend it with family and friends!!!

Basement Brigades are back working in the Basement, just a reminder to District President or representatives, for your work dates in November please see flyer. District's 1, 2, 3, 4, 5, 6, and 7 have items down in the Basement to sort through along with you can bring your old Book of Reports, Constitution & By-Laws and Audit packets. District 9, 10, and 11 if you or your units have anything Historical items meaning old Book of Report, Constitution & By-Laws, Audit packets, ribbons, pins, or memorable you can also bring those items with you. Please let me or Sonia know which day you would like to come to Department.

Going through the Basement, we came across some papers in March of 1978 the American Legion had a meeting to talk about "District Reorganization Committee". The meeting was to go from seven (7) District's to thirteen (13) District's (map is attached). Also reading the meeting minutes the American Legion was called "State" back in that year. Does anyone know when the American Legion and Auxiliary went from being called "State" to "Department"?

October was busy month for the Department President and Officers with Fall Conference in Dodge City, with our President Kristen Hensley sporting her Steampunk outfit. Along with District Homecoming's and our Department Vice-President Laurie Kerns with her Homecoming at the Historical Greyhound Museum, during the Eisenhower Pilgrimage. Don't forget Veteran's Day is coming up, if any Units have been doing historical celebration, please email
what your unit did, also don't forget to report what your are doing. It would really be nice to see 100% reporting this year.

Also, District Historian's and Unit Historian's please in the next couple of weeks keep a look out in your email from me. If your District or Units don't have a Historian, I will be emailing the Presidents.
Again, Happy Fall and Happy Thanksgiving!!!!
