

Dear Members,

As you may be aware, CCPA Purchasing Partners (CCPAPP) has partnered with Howard Ecker+ Company (HE+CO), a reputable 40 year old Chicago-based firm, which solely represents the needs of tenants in commercial real estate.

HE+CO works diligently for our members and has the knowledge and expertise to assist with a variety of real estate needs and solutions including: **negotiating the best possible lease** that meets the practice's needs, providing a market survey and strategic site selection, and referring clients to the best-in-class consultants for design and build out. And all at **no cost** to our practices.

Because payment for services comes directly from the landlord, not the client, HE+CO is able to ensure that they are providing practices with the best savings possible.

Using Howard Ecker to help determine and negotiate all of your real estate needs is a "no-brainer." They can help you find the right location if you are looking to move or expand & they can also help you renegotiate your lease at the most favorable terms.

And all at no cost to your practice
