

Planning Your Gift to WCUC

How can you support our shared ministry with your resources?

- **Consider your monthly budget.** Could you pledge a percentage of your monthly income to our church? Monthly gifts support the church's financial stability and can be made at any level.
- **Maintain or increase the percentage that you give.** Increasing your gift when you are able can be a part of growing spiritually, forming a budget that matches your values. Some folks set a goal of giving 10% of their income to others, with half of that going to their faith community. Calculate the percentage of your monthly income that you give. Where are you now and where could you go?
- **Be inspired by the giving of others.** We have a variety of incomes and commitment levels within our church. Together we make amazing things happen!

Monthly Giving 2025	# Households
\$1 - \$99	27
\$100 - \$249	27
\$250 - \$499	20
\$500 - \$999	6
\$1,000 +	7
