## Robotics Club Debuts for 4th-8th Grade

St. Emily School is excited to partner with TinkRworks on a new after-school robotics program for students in grades 4 through 8. The 12-week program, which kicked off this month, aims to spark creativity, problem-solving, and teamwork through hands-on learning experiences in the fast-growing field of robotics and engineering.

*Thank you St. Emily Parish, for all your support!*
