

Pumps fly, unfortunately Joe can't...

Even if we can't fly to Dubai, it doesn't mean our pumps can't!

Here's Joe, one of our workshop engineers, packing a stunning stainless steel multi-stage pump for one of our overseas customer's.

Unfortunately, we had to tell him that he couldn't get in the box with it. Sorry Joe!

Wherever you are in the world, you can rely on Joe to pack your pump for you!
