

**TANK-TOP EFFICIENCY AND RELIABILITY...**

The Grundfos MTRE is a vertical multistage pump with integrated frequency converter which is ideal for industrial liquid transfer applications for automotive manufacturing.

The vertical multistage centrifugal pump with integrated frequency converter is designed for tank top mounting and for pumping of cooling lubricants and cutting oils for machine tools, cooling applications, industrial liquid transfer and similar applications.

Get in touch today to find out more about the easy maintenance and durability the MTRE offers machining, cleaning and cooling processes.
