Florida Conference
United Church of Christ

2025 Fall Zoominars coming up

Pastoral Relations Committee
Thursday, Sept 25 | 6:30-8pm

The Pastoral Relations Committee is quite unique in its purpose and function. While most committees handle specific tasks and facilitate decision making, the PRC does not make decisions, does not embark on projects but builds and enhances relationships. Its purpose, mainly, is to care, support and advocate for the pastor and help them build relationships. Come, share, and learn how PRCs are evolving and functioning with purpose and effectiveness.

Human Resources/Personnel Committee
Monday, Oct 6 | 6:30-8pm

The church has many resources, including the very basic three – Money, Building and Staff. All three are used to do the ministry in order to implement the vision and mission of the church. All three need committees that manage them. The Human Resources Committee is often the most complicated, especially in a small church. Come, share, and learn how a HRC especially in a small church can function well and effectively.

Evaluation of Staff and Ministry
Thursday, Oct 23 | 6:30-8pm

The church often struggles to evaluate both staff and ministry programs. Sometimes an evaluation is used as a tool to discipline, even punish. Yet, there are simple ways of evaluating both staff and ministry for the purpose of growth and improvement of ministry. Come, share, and learn how annual evaluations can be done with joy and for the purpose of implementing the mission and the vison of the church.

Zoominars will be led by Rev. Nayiri Karjian, Transitional Conference Minister
