Other news of note:

- Michael Freeman has generously offered to refinish and weatherize the Douglas fir slice for use as our donor recognition plaque.
- Chris is working with Francisco on building a bench around the pepper tree but it won't happen until January.
- The whole project is expected to be done by Thanksgiving. Therefore, on Dec. 1, first Sunday of Advent, we would like a parish dedication ceremony as part of the service. Community-wide dedication will likely be in February.
- Flagstones from the old labyrinth unearthed by Terra Nova – we'll discuss with TN and Lars what potential uses could be.

Tabling this Wednesday near the Parish Hall during Farmers Market, 1:30-3:30.
