#### **About The Dare To Lead Program**

Based on the research of Dr. Brené Brown, Dare to Lead™ is an empirically based courage-building program designed to be facilitated by organizational development professionals.

Brené is a research professor at the University of Houston where she holds the Huffington Foundation – Brené Brown Endowed Chair at The Graduate College of Social Work. Brené is also a visiting professor in management at The University of Texas at Austin McCombs School of Business. She has spent the past two decades studying courage, vulnerability, shame, and empathy and is the author of five #1 New York Times bestsellers: The Gifts of Imperfection, Daring Greatly, Rising Strong, Braving the Wilderness, and her latest book, Dare to Lead, which is the culmination of a seven-year study on courage and leadership.

The most significant finding from Brené's latest research is that courage is a collection of four skill sets that are teachable, measurable, and observable. The Dare to Lead™ program focuses on

developing these courage-building skills through workshops, trainings, and coaching to help individuals, teams, and organizations move from armored leadership to daring leadership.

Program Cost for each Level - \$650

Program Goal: To support professional development that ultimately benefits community college students by improving the career and technical education programs available to them and by contributing to the economic development of communities where they live and work.

*“The very essence of leadership is [that] you have a vision. It's got to be a vision you articulate clearly and forcefully on every occasion. You can't blow an uncertain trumpet.”*

— Theodore Hesburgh
