

# FALL 2022 CONFERENCE

## Pre-Conference Workshop

### *Leveraging Collaborative Learning Experiences to Increase Engagement and Equity*

Through demonstration, modeling, and participant engagement, participants in this pre-conference seminar will **learn how to create memorable collaborative learning experiences that help students** move beyond short-term retention of content to achieve deeper levels of understanding.

Register for this **complimentary** Pre-Conference Seminar and learn how to:

- 1 – Plan for the effective use of active and collaborative learning techniques
- 2 – Choose techniques that align with your learning objectives
- 3 – Construct groups based on the goals of the activity
- 4 – Plan closing activities to hold students accountable
- 5 – Manage active and collaborative learning experiences that build more inclusive and equitable environments

---
