Rugby PA Points System	
Pts	Situation
4	For every win
2	For every draw
1	Scoring 4 or more tries
1	Opponent scores 2 or less tries
1	Loss by 7 or less points
*A maximum of 5 points per match	

Color Key	
Yellow games are non-conference games	
Games in RED are LONG Drives (2hrs+) and, with mutual agreement, both teams can take a Bye	
Games in BLUE are across Divisions and do NOT count in any standings (i.e. "Friendlies")	
These are problems in that they're open dates	

Determining Conference Winners	
Winner of Conference determined by (in order):	
1.	Average Rugby PA points per conference game
2.	Head-to-head competition
3.	Points against vs conference opponents
4.	Total Rugby PA vs common opponents
5.	Coin flip
If a DE team wins a conference, all remaining teams in conference are seeded with other Divisional teams	
Winner of conference (regardless of SS, Club) will host first play-off game	

Determining Remaining Playoff Seeds	
After Conference Winners are selected, all remaining teams in the Division are seeded (separating SS and Club teams) to determine the teams to fill remaining playoff spots based on the following criteria:	
1.	Average Rugby PA pts for all D1 Games
2.	Head-to-head
3.	Points against in all D2 Games
4.	Total Rugby PA points vs common opponents
5.	coin flip
DE Teams cannot participate in RugbyPA Playoffs
