

Examples of Comments to CMS on Target BP:

Your comments to CMS can be brief, but we recommend touching on the following points:

- Express your support for Medicare coverage of ABPM for the diagnosis of hypertension
- Describe how the scientific evidence supports the use of ABPM for the diagnosis of hypertension. Please cite as appropriate. CMS has noted that it is particularly interested in comments that address the breadth of the request (diagnosis for any Medicare beneficiary).
- Share your experience treating patients and how the lack of Medicare coverage for ABPM has impacted your ability to effectively diagnose and
