

## **\*\*RESEARCH TRAINING FUNDS AVAILABLE FOR AUGUST 2022\*\***

We would like to announce the availability of NIH-funded T32 Research Training Funds to Brigham and Women's Hospital, with a funding slot available **beginning August 1, 2022**. The goal of the program is to train MD and/or PhD investigators for careers in scientific research. The distinct area of scientific focus that is supported is: Laboratory-based HIV research (P.I., Dr. Daniel Kuritzkes): Potential areas of investigation include any HIV/AIDS-related laboratory research. The training grant is available to post-doctoral trainees from any Harvard-affiliated program. Support provided includes salary or stipend, registration and travel to professional meetings, and other training-related expenses. Tuition for the Program in Clinical Effectiveness (PCE) at Harvard T.H. Chan School of Public Health or PhD coursework may be covered for some fellows. Applicants must be nominated by a mentor who is an independently funded investigator.

### **Application Materials include the Following Four Items:**

1. [Online application form](#)
2. Applicant statement of research plan. **The application should be 3 pages maximum excluding references, single spaced with 11-point Arial font and 1" margins.**
  - a. Specific aims
  - b. Background
  - c. Research design and methods
  - d. Career goals
3. Applicant CV (Full CV required but it need not be the Harvard standard template).
4. One letter of nomination from mentor

**All materials are submitted through the [online application portal](#).**

**\*Please follow these guidelines closely\***

**Application materials are due by 5PM EST, Monday, August 15**

For questions about the application process please contact Robert Stemple at [RSTEMPLE@BWH.HARVARD.EDU](mailto:RSTEMPLE@BWH.HARVARD.EDU).

Notification of awards will be in August 2022.

### **T32 Online Submission Portal and Instructions**

Applications should be submitted through the online [REDCap submission portal](#). Please note you can save your application and return to it if incomplete by clicking on "Save and Return Later" at the bottom of the form. You will be given a code which you should record. Upon returning to the survey, click on "Returning" in the top right corner then "Continue the Survey" and you will be able to enter your return code to proceed from where you left off. For questions about the REDCap survey or online system please contact Mark Siedner ([msiedner@mgh.harvard.edu](mailto:msiedner@mgh.harvard.edu)) and Grace Chamberlin ([gchamberlin@mgh.harvard.edu](mailto:gchamberlin@mgh.harvard.edu)).

### **Citizenship and Recruitment of Underrepresented Groups**

Per NIH guidelines, applicants must be citizens or non-citizen nationals of the United States or have been lawfully admitted for permanent residence at the time of appointment. **Persons from underrepresented groups including, but not limited to, African Americans, Latinx Americans, Native Americans, Alaskan Natives, Pacific Islanders, women, persons with disabilities, and persons from disadvantaged backgrounds are strongly encouraged to apply.**
