

Placental Science Symposium October 19th 11am – 1pm EDT

Timeline		Speaker	Topic
11:00 – 11:05	<i>Introduction</i>	Rebecca Zash	<u>Introduction to Session 1: HIV and the placenta</u>
11:05 – 11:15		Salome Maswime	<i>Stillbirths among women living with HIV</i>
11:15 – 11:25		Colleen Wright	<i>HIV and ARV treatment and placental pathology in South Africa. Retrospective, current and future studies</i>
11:25 – 11:35		Lisa Bebell	<i>Transplacental antibody transfer among women living with HIV</i>
11:35 – 11:45		Clive Gray	<i>The Impact of Maternal HIV Infection on the Placenta and Cord blood T cell landscape</i>
11:45	<i>Introduction</i>	Lisa Bebell	<u>Introduction to Session 2: SARS-CoV-2 and the placenta</u>
11:45 – 12:00		Lena Serghides	<i>Protease inhibitors and the placenta – from HIV to COVID-19</i>
12:00 – 12:10		Nitin Arora	<i>SARS-CoV2 at the maternal-fetal interface and impact on pregnancy outcomes</i>
12:10 – 12:25		Drucilla Roberts & Andrea Edlow	<i>Mechanisms of fetoplacental protection and vulnerability in the setting of maternal SARS-CoV-2 infection</i>
12:25 – 12:35		David Weinberg	<i>The Human Placenta Project, and NICHD support of placental research</i>
12:35 – 12:55	<i>Panel</i>	All speakers	<u>HIV, SARS-CoV-2 and the placenta – Q&A</u>
12:55 – 1:00	<i>Closing</i>	Rebecca Zash & Lisa Bebell	<u>Closing remarks</u>
