

Laudato Si Action Platform Commitment

In collaboration with religious communities and many people of good will, the Franciscan Sisters of the Sacred Heart and our Associates choose to participate in the Laudato Si Action Platform working through the next seven years to help restore God's creation while being especially attentive to the cry of the poor.

Our Constitution calls us to "reverence, celebrate and protect the wonder of life. We respect diversity, as we work toward peace and interdependence" (C4-4)

We recognize that peace will not be achievable without an understanding of the interdependence of creation, created goods, economy and the common good of all peoples.

Steeped in the spirit of St Francis and the compassion of the Sacred Heart, we invite others to journey with us in prayer, study and the integral conversion Pope Francis calls us to in Laudato Si.

November 14, 2021 – 5th World Day of the Poor
