

Get Wise About Waste & Win \$500

Complete the ten-minute waste sorting training to be entered to win!

Help your building reduce waste in minutes. LBRE has launched a new, ten-minute STARS waste sorting training for faculty and staff. It's quick, practical, and helps us meet campus sustainability goals. To thank participants, we're **raffling a \$500 prize for every 500 completions**—*two winners have already been awarded!*

Please encourage your building occupants to take the training using the sample messages and graphics.

Ways to promote

- Send an email to building occupants
- Post in Slack
- Include a blurb in your next newsletter
- Announce it at team or department meetings

Thank you in advance for your support!

Angela Vincent (she/her)

Zero Waste Communications & Engagement Manager, Office of Sustainability
