

NEW REUSE WEB SITE IS LIVE

The Property Management Office is pleased to announce that the new Reuse web site is now live. This is a site for faculty and staff to post unneeded items that can still be useful to other university departments, or to post 'wanted ads' for items that may be available from others. The site is very robust with some great features:

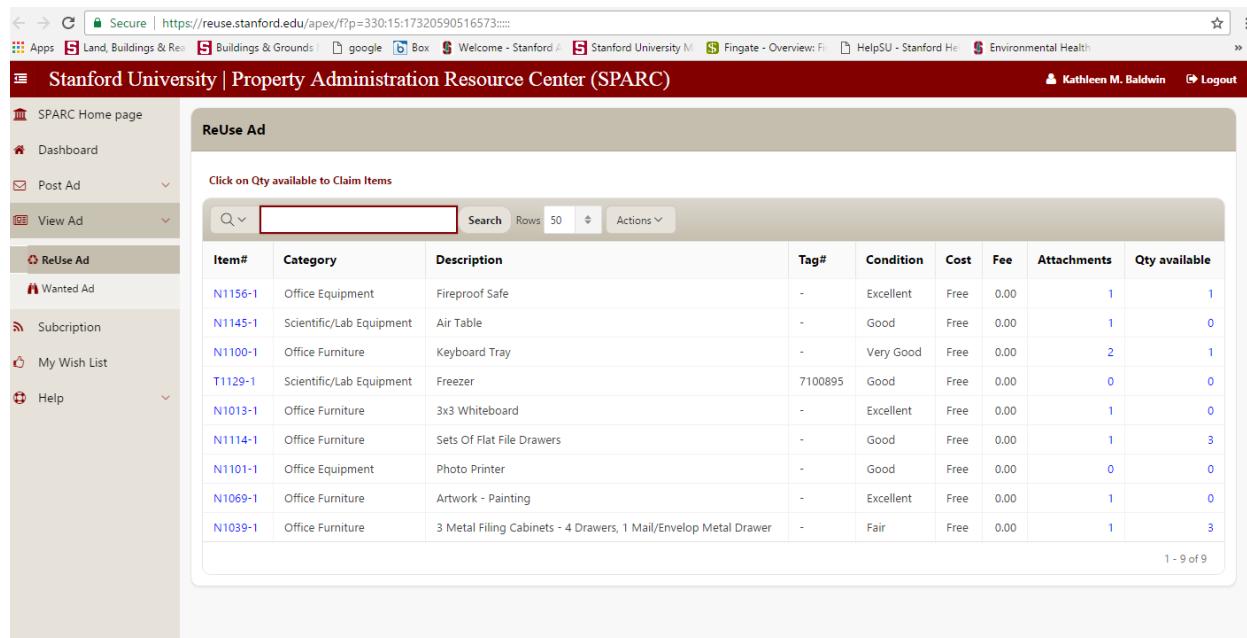

- Multiple items and quantities, with photo attachments
- Tagged and/or non-tagged items (even both on the same advertisement)
- Email notifications (originator, DPA (Department Property Administrator), PMO, claimant)
- Ability for local DPA to post items within their department(s) before going campus-wide
- Subscribe to receive posting alerts, tailored to your categories of interest
- Ability to claim items (first-come, first-serve)
- Ability to be 'next in line' if the first claimant changes their mind

We think the community will really like the new site – please log in and use it (a lot!).

The web site is <http://reuse.stanford.edu> (you need SuNet ID authorization to use so cannot link on this page.) See sample of Reuse site below.

We're very happy with the result, and as always, we welcome your feedback!

Thank you,
Property Management Office

The screenshot shows a web browser window for the Stanford University Reuse Ad page. The URL is https://reuse.stanford.edu/apex/f?p=330:15:17320590516573::::. The page title is "Stanford University | Property Administration Resource Center (SPARC)". The left sidebar has a "ReUse Ad" section selected, showing links for SPARC Home page, Dashboard, Post Ad, View Ad, Wanted Ad, Subscription, My Wish List, and Help. The main content area is titled "ReUse Ad" and shows a table of items available for reuse. The table has columns for Item#, Category, Description, Tag#, Condition, Cost, Fee, Attachments, and Qty available. The items listed are:

Item#	Category	Description	Tag#	Condition	Cost	Fee	Attachments	Qty available
N1156-1	Office Equipment	Fireproof Safe	-	Excellent	Free	0.00	1	1
