MAPLE AVENUE IMPROVEMENTS PROJECT

Dear Brookfield Property Owner,

The Village of Brookfield is excited to begin an improvements project that will include improvements to the following areas:

STREET

Maple Avenue
Maple Avenue

LIMITS

31st Street – Veterans Circle
Veterans Circle – Brookfield Avenue

PROJECT SCOPE

The work on the project will include replacement of intermittent sections of curb and gutter, sidewalk, and driveway aprons, installation of curb bump outs and pedestrian crossing symbol at Lincoln Avenue, repair or replacement of defective drainage structures, point repairs to the combined and storm sewer systems, pavement patching, milling and resurfacing of the pavement with hot-mix asphalt binder and surface course, pavement marking installation, restoration of disturbed areas, and other related work.

PROJECT SCHEDULE

The Contractor intends to begin with mobilization, tree protection, root pruning, and saw cutting throughout the project the week of August 10 (8/10-8/14) and will follow with sewer and roadway improvements later that same week. Sewer and roadway work will begin at Veterans Circle moving south to Brookfield Avenue. Once this section is completed, the contractor will move to the north side of Veterans Circle and work north to 31st Street. The project is anticipated to be completed with all work by the end of November.

PROJECT NOTIFICATION AND COMMUNICATION

Construction Notices:

Additional notices will be handed out throughout the project for various activities including: loss of driveway access, shutdowns of water mains or services, and other related interruptions.

Constant Contact Communication List:

The Village utilizes Constant Contact for email distribution regarding project updates as well as general Village updates including road closures, weather related notices, and special events. If you prefer to be emailed updates, please go to www.brookfieldil.gov, scroll to the bottom of the home page and enter your email to sign-up for E-News.
