Shaping Our Present and Future: LGBTQIA+ Health Research & Insights from LGBTQIA+ Older Adults

Thrive with Pride by AgeOptions

Do you want your healthcare to be less one-size-fits-all and more tailored? To be more affirming and inclusive for LGBTQIA+ people and reflect how our communities have unique health experiences and face different barriers?

In this workshop led by Midwest Community Engagement Coordinator Cassie Armea-Warren, we'll explore these questions, what PRIDEnet is doing to catalyze LGBTQIA+ health research, share results from our recent community listening sessions with LGBTQIA+ older adults, and discuss ways to get involved.
