

Primary Care RNs:

What influences your job satisfaction?

Hello!

I am a nurse and PhD student conducting a nationwide survey study with RNs who work in primary care clinics and provide direct patient care.

The study is looking at nurse job satisfaction. More specifically, how leadership and practice environment influence the satisfaction of RNs working in primary care clinics.

Finding from this study will inform future research and interventions to improve the quality of the nursing work environment in primary care.

WHAT WOULD YOU BE ASKED TO DO?

Use any computer, tablet or smart phone and take our online survey (which takes about 20-minutes).

WHO CAN PARTICIPATE?

RNs who provide direct patient care in primary care clinics.

WILL I BE PAID TO PARTICIPATE?

Participants who complete the survey will be able to enter a drawing for 1 of 20 \$50 Amazon gift cards. Your answers will be completely anonymous and will not include any information that identifies you.

I'M INTERESTED, WHAT'S NEXT?

If you are interested, follow the link or use the QR code to access the survey.
