

The Dignity Run

Dignity through independence for people with disabilities

"Our 24-year-old son Matthew resides at an Alternatives' Group Home. He, along with his three (3) housemates have formed incredible bonds with each other and staff. Last year, we had the opportunity to experience the Dignity Run first hand - what an amazing event!

We enjoyed this unique fun day as a family, listening to music, eating great barbeque & checking out the hundreds of motorcycles. The motorcycle riders loved meeting Matthew.

Although we'll miss the live Dignity Run this fall, we'll be 'riding virtually' to support Alternatives. "
