So, let me get this straight, "Jesus was sort of like God...but in the flesh?"

That's what Mark said as he and I were talking about the gospel last Tuesday. He first came to Queens Church because the mother to his son invited him. They're not together but since he is back in the picture and the mom was saved just last year she said, "you can come see your son, but we're headed to church." He has been at Queens Church every week since we launched and has served on our setup team for the past 3 weeks.

I asked him if we could grab a coffee and talk about his relationship with God and during that meeting Mark surrendered his life to the Lord and placed his faith in Jesus! He's growing a lot over the last few weeks, from someone who declared themselves an atheist to a hungry follower of Jesus. Danny bought him his first Bible and he is consuming scripture at an amazing rate. Would you pray with us that Mark continues to trust Jesus and that God would provide for him? He will be baptized on Sunday, November 10 along with at least one other person who was saved at church last Sunday. Make sure you follow us on social media to see pics of the baptism: [@qns.church](https://www.instagram.com/qns.church)

Larry and Lindsey's Quick Update

Lindsey has taken a leap of faith and started her own business called Simple Space! You can follow her [@simplespacenyc](https://www.instagram.com/simplespacenyc) as she helps people simplify their tight spaces in NYC.

Larry is enjoying the Pastoral Counseling class he's taking in order to better serve this growing congregations needs.

D\S

Since you last heard from Danny and Summer, Danny has left his position as a barista at Kinship Coffee to focus more on ministry. Together they've started a small group and began the initial launch of QNS YTH and Young Adult Ministry.

Danny and Summer's Quick Update

PRAY

+ Praising God for new men who have joined our ALL IN team since we began praying.
+ Continue to pray for more men and more Christians. With all of our new believers we have a lot of people to be discipling.
+ Pray for Colorwerx to reduce our costs from \$700 per week to \$500. Most of you know that we had to make a change from the school we were originally meeting in to an event space in the neighborhood. Along with this change came a big rise in our monthly costs since the school was only \$400 per week to rent.

"We want to thank Queens Church & Connection Church for creating such a great space for families to spend time together"

Speaking at a Community Board Meeting about our Trick or Treat event coming up Oct. 31

- Daryl Johnson

Detective, NYPD

QNS.YTH Making History

We had our first QNS YTH night where 4 students and 1 adult gathered to cast vision for something new to come. Next gathering is on Nov. 1 and the students are excited to bring others and build something historic for teenagers here in Queens.

A Chance to Give Big

We have a faithful woman who has been involved in teaching our QNS KIDS since Day 1 who has just had her FIFTH child! Melissa and her husband, Max have had to move out of the neighborhood in order to find a place that is big enough for their growing family. They're both lifetime New Yorkers and she doesn't even have her driver's license. Their new spot is over an hour and a half away by train+bus but on a Sunday morning it would only be a 30 minute drive. With the community they have built had QNS CHURCH they'd love to be able to stay connected, but transportation is going to be difficult. Do you or someone you know have a minivan or SUV that they are currently not using or willing to donate to this family of 7?

If so, call me: (713) 494-9242 and we can talk about the details. It would be an immense blessing for this family and our church!

**\$65 per month
pays for our
internet at the
Ministry Center**

\$1,000
One-time gift covers all
QNS KIDS expenses for 2
months

**\$2800 per month covers the entire cost
of our meeting space**

How you can give

\$120k has been
pledge or
given by
partners

If you missed it...

After an incredibly exciting launch last Sunday we are looking forward to what God has in store here at Queens Church. On Monday morning at around 9 AM I got a phone call from the assistant principal at PS 151 letting me know that due to circumstances outside of his control and ours we would not be able to meet inside the school for the foreseeable future, effective immediately.

You see, when God starts doing work, the enemy starts pushing back. But we serve a powerful God who has a big plan that includes transforming lives in our neighborhood through this church! Praise God with us that he has already provided a space right in the neighborhood for us to meet - and he did it in a pretty amazing way! As we kept praying we began searching and calling potential places and finally found a hit. I was on the phone with a Partner at a creative studio called Colorwerx when he began telling me about how God has been moving and changing him a lot recently through the church he has been attending with his wife. He went on to explain that he would "love to have a church meeting in his space every week!"

Wow. Did I hear that correctly? Danny, Summer, and I locked up the Center and walked straight there to meet with Sergio and his team. Although the space has its challenges and it will take some adjustments by our team it is beautiful (pictures below) and in great proximity to everyone who has already been attending plus it opens us up to thousands more who live within an easy walking distance.
