PROGRAM SUMMARY:

4-H Days at the Max Thompson Family Resource Center is a great taste of what we engage in during 4-H! Youth will be able to explore a variety of programming areas, everything from gardens to food science to cooperative games and more!

More than just play time we place significant value in the experiential model of "Do, Reflect, Apply" and all materials used are research based. In doing so youth are empowered to be in charge of their own learning, instilling a passion for self-directed, life-long exploration.
