

Mad City Money

Teens, think you're ready to be out on your own?

Get a taste of the adult world with this hands-on simulation, complete with jobs, income, family and debt.

During this 2-hour challenge, participants visit merchants to select housing, transportation, food, household necessities, clothing, daycare and other wants and needs while building a budget for their simulated family. Mad City Money allows participants to make mistakes and suffer the consequences of their decisions in a realistic, but safe, environment.
