

Paper Loop Christmas Tree

Supplies:

Can be found at home or dollar tree

- 1 sheet of green construction paper
- 1 sheet of white construction paper
- 1 sheet Brown construction paper
- yellow construction paper
- scissors
- glue
- pencil or crayon

Optional: decorations to put on the tree – sequin, pom-poms, and gemstones

Follow these step-by-step Instructions

1. Fold your green paper in half longways, cut down the middle line, cut 20 paper strips.
2. Draw a large triangle shape on a sheet of white paper (in the shape of the Christmas tree).
3. Cut a small rectangle out of the brown paper and glue it on the bottom of the triangle.
4. Now you have a Christmas tree trunk.
5. Apply glue on one end of the paper strips and glue the ends together.
6. You should have a loop.
7. Make these paper loops for all the paper strips.
8. Now it's time to start making your paper strips Christmas tree.
9. Apply glue on the paper strip (at the end where you glued the ends together) and stick it on the sheet of white paper, starting at the bottom.
10. Keep paper strips inside the triangle outline.
11. Once the bottom row is done, continue with the next one all the way to the top.
12. Draw a star on yellow paper.
13. Cut the star out.
14. Glue the star on the very top of your Christmas tree.
15. All done! You have made a wonderful paper strips Christmas tree – it's now ready to be hung on the wall.
