

# Habitat for Humanity®

of Cape Cod

May 2018

I never knew Habitat was you.

As I experience this journey of building my home with Habitat,

I am learning just who Habitat is.

For example, I saw him almost every week for years. He smiled, we chatted, he was always a friendly face.

However, we never had time for much conversation, if we had, I probably would have told him that I was applying for a Habitat home. Little did I know, he would have known more about it than I did.

Not until I was on the site building my future home alongside some wonderful volunteers, did I know...Habitat was him – and the many others I see as my job with the Post Office takes me from Truro to Wellfleet to Eastham.

Now I know, Habitat for Humanity of Cape Cod is not just the small staff in Yarmouth Port – it's also all the wonderful people who take the time to make a difference by lifting a hammer, sending a check, making a snack or volunteering in many other ways.

I'm sending this letter today, to thank you for your past support and asking that you [continue your support](#) so others can experience the security and stability that comes with home ownership.

Now I know Habitat is all of YOU – and YOU have changed my life.
