

RISE UP

RISE UP AND SUPPORT YOUR CENTER TODAY!

In order for us to continue providing critical services, we have to meet our basic expenses. While we are working diligently to continue supporting you, we are now in need of assistance in supporting our amazing staff and therapists that provide care for anyone seeking our services.

The Center's unwavering support is *only* possible through your monetary donations. Empower us to help those struggling with cancer and COVID-19 as well as our greater community.

This is how you can help:

RISE UP to this extraordinary situation by **making a donation** today!

With the new COVID-19 stimulus package, **every donation up to \$300 will be fully deductible from your income line next year**, whether you itemize your gifts, or not. In addition, a generous donor is **matching up to \$5,000** of all donations made at this time.

Join us at our **RISE UP ONLINE CELEBRATION**
