

# LOOKING FOR NEW PLAYERS!

## NEW FEATURE WHEN CREATING YOUR TEAMS!

Select new setting, either "OPEN" or "CLOSED" team

**OPEN** – Allows any player who meets the level criteria can register directly onto the team. Captains will be notified via email when a player has registered for their team.

**CLOSED** – Traditional USTA team type, players must have the team # in order to register.

NOTE: If you select closed and check the box "Receive Notice of Unassigned Player" captains will receive an email from players who are seeking teams that match your team criteria (NTRP level, gender and age).

If you have already created your team number and would like to set your team to either Open or Closed, please notify your Local League Coordinator, they can make that change for you.

## GROWING LEAGUE TENNIS!
